

K-LOVE stations in our area 89.1, 90.9, and 88.7 have been very beneficial to my family and our community. Our children listened to K-LOVE drawn by the "pop" format and no commercials. We were pleased because there are no other stations in our area for kids to listen to that are wholesome. Music can influence kids in many ways but K-LOVE's influence is always positive. Please do not replace it with a LPFM. We feel strongly enough that we support K-LOVE financially. Thanks, George and Phyllis Enloe
